MALTREATMENT OF MINORS MANDATED REPORTING POLICY FOR DHS LICENSED PROGRAMS

Who Should Report Child Abuse and Neglect

- Any person may voluntarily report abuse or neglect.
- If you work with children in a licensed facility, you are legally required or mandated to report and cannot shift the responsibility of reporting to your supervisor or to anyone else at your licensed facility. If you know or have reason to believe a child is being or has been neglected or physically or sexually abused within the preceding three years you must immediately (within 24 hours) make a report to an outside agency.

Where to Report

- If you know or suspect that a child is in immediate danger, call 911.
- Reports concerning suspected abuse or neglect of children occurring in a licensed child foster care or family child care facility should be made to county child protection services
- Reports concerning suspected abuse or neglect of children occurring in all other facilities licensed by the Minnesota Department of Human Services should be made to the Department of Human Services, Licensing Division's Maltreatment Intake line at (651) 431-6600.
- Reports regarding incidents of suspected abuse or neglect of children occurring within a family or in the community should be made to the local county social services agency at (507) 328-6400 or local law

enforcement (507) 328-6750.

- If your report does not involve possible abuse or neglect, but does involve possible violations of Minnesota Statutes or Rules that govern the facility, you should call the Department of Human Services Licensing Division at (651) 431-6500.

What to Report

- Definitions of maltreatment are contained in the Reporting of Maltreatment of Minors Act (Minnesota Statutes, section 626.556) and is available in the KK office or through a link on the KK website.
- A report to any of the above agencies should contain enough information to identify the child involved, any persons responsible for the abuse or neglect (if known), and the nature and extent of the maltreatment and/or possible licensing violations. For reports concerning suspected abuse or neglect occurring within a licensed facility, the report should include any actions taken by the facility in response to the incident.
- An oral report of suspected abuse or neglect made to one of the above agencies by a mandated reporter must be followed by a written report to the same agency within 72 hours, exclusive of weekends and holidays.

Failure to Report

A mandated reporter who knows or has reason to believe a child is or has been neglected or physically or sexually abused and fails to report is guilty of a misdemeanor. In addition, a mandated reporter who fails to report maltreatment that is found to be serious or recurring maltreatment may be disqualified from employment in positions allowing direct contact with persons receiving services from programs licensed by the Department of Human Services and by the Minnesota Department of Health, and unlicensed Personal Care Provider

Organizations.

Retaliation Prohibited

An employer of any mandated reporter shall not retaliate against the mandated reporter for reports made in good faith or against a child with respect to whom the report is made. The Reporting of Maltreatment of Minors Act contains specific provisions regarding civil actions that can be initiated by mandated reporters who believe that retaliation has occurred.

Internal Review

When the facility has reason to know that an internal or external report of alleged or suspected maltreatment has been made, the facility must complete an internal review within 30 calendar days and take corrective action, if necessary, to protect the health and safety of children in care. The internal review must include an evaluation of whether:

- (i) related policies and procedures were followed;
- (ii) the policies and procedures were adequate;
- (iii) there is a need for additional staff training;
- (iv) the reported event is similar to past events with the children or the services involved; and
- (v) there is a need for corrective action by the license holder to protect the health and safety of children in care.

Primary and Secondary Person or Position to Ensure Internal Reviews are Completed

The internal review will be completed by the Kingdom Kids director. If this individual is involved in the alleged or suspected maltreatment, the Christ Community Church Director of Administration will be responsible for completing the internal review.

Documentation of the Internal Review

The facility must document completion of the internal review and make internal reviews accessible to the commissioner immediately upon the commissioner's request.

Corrective Action Plan

Based on the results of the internal review, the license holder must develop, document, and implement a corrective action plan designed to correct current lapses and prevent future lapses in performance by individuals or the license holder, if any.

Staff Training

The license holder must provide training to all staff related to the mandated reporting responsibilities as specified in the Reporting of Maltreatment of Minors Act (Minnesota Statutes, section 626.556). The license holder must document the provision of this training in individual personnel records, monitor implementation by staff, and ensure that the policy is readily accessible to staff, as specified under Minnesota Statutes, section 245A.04, subdivision 14.

we will contact an individual from the child's emergency contact list. The ill camper will be isolated from other children and kept under adult observation until the child can be picked up.

BEHAVIOR EXPECTATIONS AND DISCIPLINE

Behavioral Changes

If there are any changes taking place in your home routine or something has occurred that may be upsetting to your child, please notify the team lead by calling camp, emailing them or sending a note. Many times a child's behavior will change (moodiness, crying, clinging) during these times, and the leaders will be better equipped to deal with the root

of the problem and help the child adjust better.

Behavior Guidance & Discipline

Camp Kingdom Kids strives to provide a safe and happy environment for each child. Because we believe that every child has a right to physical and emotional safety, we have established certain behavior standards. The leaders will correct any camper who is being disruptive to the group or showing inappropriate behavior (see examples below).

The leader will:

- Verbally communicate with the child and redirect the child in order to correct the behavior.
- If the leader's attempt to redirect the child is unsuccessful, the child will be removed from the group for a short time but will stay within the room.
 - A child will never be left unattended and will rejoin the group as soon as the behavior is under control.
 - All instances of separation will be documented and kept on file.
- If a student is separated from the group three times in one day, the leader will notify the child's parents and complete a Parent Notification Separation Report for the student's parents and the student's file.

The following are examples of inappropriate behaviors:

1. Injury – any physical or mental or threatened injury, inflicted by a person other than by accidental means.
2. Emotional – yelling at, belittling, criticizing or bullying.
3. Inappropriate Touch – any touch or suggested touch above or under clothing that is suggestive or uncomfortable.
4. Destruction of Property – showing disrespect for equipment, games, toys and/or building.
5. Inappropriate Language – showing disrespect by talking back, swearing, name calling, or demeaning.

6. Harassment of Staff or Children – threatening behavior, disruption of class, inappropriate conduct, or failure to follow direction from a teacher.
7. Not following center rules and policies.

If any of the above behaviors are displayed, the following plan will be followed:

- The Team Lead will notify the parents with a written behavior report and may schedule a parent conference. Together, the parents, director and team lead will devise a plan of action to correct the misbehavior.
- If a child's misbehavior continues, or the child exhibits severely disruptive or abusive behaviors, a dismissal form will be completed and the parents will be notified. We will give one written warning, two suspensions and then dismissal. Every effort will be made to communicate with the parents to notify them of behavior changes.
- All suspension and dismissal forms will be determined and written by the Camp Kingdom Kids director. The parent will be notified immediately. The first write up will constitute as a warning. The second write up we will ask the child to leave for the remainder of the day and if it is the end of the day the child will not be able to attend the following day. The parents and child must meet with both the director and the teacher before the child may return to Camp Kingdom Kids. There will be no reduction in tuition for the suspended days.
- Once a child has been written up and suspended twice they will be asked to leave our program permanently. Camp Kingdom Kids reserves the right to dismiss a child at any time if we feel the circumstances warrant.
- Camp Kingdom Kids does its best to provide a safe, fun and caring place for your child. We realize this action is severe, but we feel it is necessary to

ensure a quality program for your children. If you have any questions or concerns please feel free to contact the Camp Kingdom Kids director.

Please communicate all discipline concerns to the director.

SEVERE WEATHER

In the event of severe weather, campers will be moved to the girls and boys bathrooms near the gym and into rooms 301 & 204. A note will be posted at the entrance door.

EMERGENCY CLOSING

In the event of a utility failure or other emergency, parents will be notified by email and/or phone and asked to pick up their child. The announcement will also be made on KFSI radio (92.9), KNLW radio (98.9), KROC radio (106.9), and on KTTC channel 12.

COMMUNICATION

A weekly newsletter will be available on the check-in counter, and emailed to parents each Friday afternoon. The newsletter will include activities and fieldtrips for the next week

RESEARCH/PUBLIC RELATIONS

Parental permission must be given prior to each occasion of research, public relations activity or experimental procedure.

GRIEVANCE PROCEDURES

Should a situation arise that you, the parent guardian, see as a problem or if you have a grievance, please notify the camp Team Lead. The Team lead will contact the parent within one week of a filed grievance.

Open and ongoing communication between parents and staff is an essential part of our program and we encourage you to share your concerns with us.
